Fourth quarter 2010 would be fine.

Hi Barbara!

Just one question. Should we start annual gauging and well depth measurements next January, 2011 or 4<sup>th</sup> quarter 2010?

Dear Mr. Grayson and Mr. Paradis,

Thank you for submitting the request to reduce sampling while awaiting closure to our ftp site. I have reviewed the request and concur with suspending sampling at this site. However, until the site is closed and the wells are destroyed, please perform annual well gauging including measuring the water and well depths.
