Hi Shane:

I think cancelling the meeting is appropriate. I will have Paresh go over the case with Anne and provide written comment.

Hi Paresh,

I spoke with Anne Jurek this past Monday with respect to the meeting scheduled tomorrow for the above referenced site. The meeting agenda that Anne sent out on behalf of the ACEH is very general and we are anticipating a more detailed agenda so we could be prepared to answer any questions with respect to the submitted *Status Report and Low Threat Closure Evaluation*, dated November 15, 2016. A previous meeting was held with the ACEH last year with a general agenda. As a result of that meeting deliverables were requested and produced on behalf of Equilon Enterprises LLC, dba Shell Oil Products. Per my conversation with Anne, we had discussed cancelling tomorrow's meeting to give the ACEH more time to review the report and determine if there are any questions with respect to the report's closure recommendation. Can you please let us know if the meeting is still on or if it is being cancelled.

Sincerely,
