Re: Groundwater Analytical Results
17200 Via Magdalena
San Lorenzo, California

Dear Mr. Adams:

This letter presents sampling results of the irrigation water-supply well located on the property referenced above. ARCO Products Company (ARCO) and Pacific Environmental Group, Inc. (PACIFIC) would like to express their gratitude for your cooperation in this project.

On behalf of ARCO, PACIFIC performed groundwater sampling to test for gasoline in the water. The groundwater sample was collected on March 15, 1995, and was submitted to the laboratory for analysis for total petroleum hydrocarbons calculated as gasoline (TPH-g), benzene, toluene, ethylbenzene, and xylenes (BTEX compounds).

The groundwater sample collected from your well did not contain any detectable TPH-g or BTEX compounds. Groundwater analytical data are presented in Table 1.

Please call me at (408) 441-7500, or Ms. Amy Leech of Alameda County Health Care Services at (510) 567-6700 if you have any questions regarding the contents of this letter.

Sincerely,

Pacific Environmental Group, Inc.

Debra J. Moser
Senior Geologist

San Lorenzo, California 94580

Re: Groundwater Analytical Results
633 Hacienda Avenue
San Lorenzo, California

Dear Mr. Dahmann:

This letter present the results of the sampling of the irrigation water-supply well located at the property referenced above. ARCO Products Company (ARCO) and Pacific Environmental Group, Inc.(PACIFIC) would like to express their gratitude for your cooperation in this project.

On behalf of ARCO, PACIFIC performed groundwater sampling to test for gasoline in the water. The groundwater sample was collected on March 15, 1995, and was submitted to the laboratory for analysis for total petroleum hydrocarbons calculated as gasoline (TPH-g), benzene, toluene, ethylbenzene, and xylenes (BTEX compounds).

Two groundwater samples were analyzed from your well. The first sample contained 250 parts per billion (ppb) TPH-g and 5.1 ppb benzene. The duplicate groundwater sample collected from your well did not contain any detectable TPH-g or BTEX compounds. Because your well has historically not contained any concentrations of TPH-g and benzene, the first sample is suspected to have been the result of either field or laboratory error. Groundwater analytical data are presented in Table 1.

Mr. James J. Whaley
17393 Via Magdalena
San Lorenzo, California 94580

Re: Groundwater Analytical Results
17393 Via Magdalena
San Lorenzo, California

Dear Mr. Whaley:

This letter presents sampling results of the irrigation water-supply well located on the property referenced above. ARCO Products Company (ARCO) and Pacific Environmental Group, Inc. (PACIFIC) would like to express their gratitude for your cooperation in this project.

On behalf of ARCO, PACIFIC performed groundwater sampling to test for gasoline in the water. The groundwater sample was collected on March 15, 1995, and was submitted to the laboratory for analysis for total petroleum hydrocarbons calculated as gasoline (TPH-g), benzene, toluene, ethylbenzene, and xylenes (BTEX compounds).

The groundwater sample collected from your well did not contain any detectable TPH-g or BTEX compounds. Groundwater analytical data are presented in Table 1.

Please call me at (408) 441-7500, or Ms. Amy Leech of Alameda County Health Care Services at (510) 567-6700 if you have any questions regarding the contents of this letter.

Sincerely,

Pacific Environmental Group, Inc.

Re: Groundwater Analytical Results
634 Hacienda Avenue
San Lorenzo, California

Dear Mrs. Albright:

This letter presents sampling results of the irrigation water-supply well located at the property referenced above. ARCO Products Company (ARCO) and Pacific Environmental Group, Inc. (PACIFIC) would like to express their gratitude for your cooperation in this project.

On behalf of ARCO, PACIFIC attempted to perform groundwater sampling to test for gasoline in the water on March 15, 1995. Since the well pump was inoperable, no groundwater sample was collected this quarter. Groundwater analytical data are presented in Table 1.

Please call me at (408) 441-7500, or Ms. Amy Leech of Alameda County Health Care Services at (510) 567-6700 if you have any questions regarding the contents of this letter.

Sincerely,
