Re: Monthly Status Letter  
ARCO Service Station 0608  
17601 Hesperian Boulevard at Hacienda Avenue  
San Lorenzo, California

Dear Mr. Whelan:

This letter provides an update on activities for the site referenced above. This update reports site activities performed during the month of November 1993 and site activities anticipated for the month of December 1993.

**STATUS OF NOVEMBER 1993 ACTIVITIES:**

- o Continued monitoring groundwater treatment system performance.
- o Continued domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Preparation of third quarter 1993 groundwater monitoring and remedial system performance evaluation report.
- o Preparation of domestic irrigation water well monitoring reports.
- o Letter submitted to ACHCSA regarding changes to RIFS requirements.

**ANTICIPATED WORK TO BE PERFORMED IN DECEMBER 1993:**

- o Preparation and submittal of third quarter 1993 groundwater monitoring and remedial system performance evaluation report.

December 10, 1993

Page 2

- o Preparation of fourth quarter 1993 groundwater monitoring and remedial system performance evaluation report.
- o Preparation of domestic irrigation water well monitoring reports.
- o Continue monitoring groundwater treatment system performance.
- o Conduct monthly meeting with ARCO regarding site activities.
- o Continue domestic irrigation water well owner reimbursement program with owners who have discontinued well use.

Please call if you have any questions concerning this letter.

Sincerely,

**Pacific Environmental Group, Inc.**

Re: Monthly Status Letter  
ARCO Service Station 0608  
17601 Hesperian Boulevard at Hacienda Avenue  
San Lorenzo, California.

Dear Mr. Whelan:

This letter provides an update on activities for the site referenced above. This update reports site activities performed during the month of September 1993 and site activities anticipated for the month of October 1993.

**STATUS OF SEPTEMBER 1993 ACTIVITIES:**

- o Continued monitoring groundwater treatment system performance.
- o Preparation of air sparge, soil vapor extraction, aquifer, and biofeasibility, testing report (submittal to Alameda County Health Care Services Agency [ACHCSA] in October 1993).
- o Continued domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Preparation of risk assessment summary letter (received ACHCSA approval of risk assessment methodology on August 3, 1993).
- o Covered Well MW-20 vault box.
- o Conducted monthly meeting with ARCO regarding site activities.

October 8, 1993

Page 2

- o Sampled site wells for third quarter 1993 groundwater monitoring program.
- o Sampled domestic irrigation water wells for fourth quarter 1993 groundwater monitoring program.
- o Completed biodegradation numerical analysis.

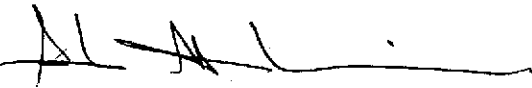

**ANTICIPATED WORK TO BE PERFORMED IN OCTOBER 1993:**

- o Continue monitoring groundwater treatment system performance.
- o Submittal of air sparge, soil vapor extraction, aquifer, and biofeasibility testing report to ACHCSA.
- o Conduct monthly meeting with ARCO regarding site activities.
- o Continue domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Submittal of risk assessment summary letter.
- o Destroy Well MW-20, as approved by ACHCSA.

Please call if you have any questions concerning this letter.

Sincerely,

Re: Well Destruction Program - Well MW-20  
ARCO Service Station 0608  
17601 Hesperian Boulevard  
San Lorenzo, California

Dear Ms. Shin:

This letter, prepared by Pacific Environmental Group, Inc. (PACIFIC) on behalf of ARCO Products Company (ARCO), presents documentation of the telephone conversation regarding the destruction of groundwater Monitoring Well MW-20 at the site referenced above. As discussed during our telephone conversation on September 15, 1993, PACIFIC requested that Well MW-20 be destroyed. The well vault box and well head were damaged during paving activities. The destruction of Well MW-20 was approved by the Alameda County Health Agency Care Services on September 15, 1993.

The necessary permits will be obtained and the appropriate regulatory agency will be notified prior to the well destruction program. The well will be destroyed according to the state and local guidelines.

If you have any questions regarding the contents of this letter, please call.

Sincerely,

**Pacific Environmental Group, Inc.**

Re: Monthly Status Letter  
ARCO Service Station 0608  
17601 Hesperian Boulevard at Hacienda Avenue  
San Lorenzo, California

Dear Mr. Whelan:

This letter provides an update on activities for the site referenced above. This update reports site activities performed during the month of August 1993 and site activities anticipated for the month of September 1993.

**STATUS OF AUGUST 1993 ACTIVITIES:**

- o Continued monitoring groundwater treatment system performance.
- o Preparation of air sparge, soil vapor extraction, aquifer, and biofeasibility, testing report (submittal to Alameda County Health Care Services Agency [ACHCSA] in September 1993).
- o Continued domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Preparation and submittal of second quarter 1993 groundwater monitoring and remedial system performance report (issued final August 5, 1993).
- o Preparation of risk assessment summary letter (received ACHCSA approval of risk assessment methodology on August 3, 1993).

September 14, 1993

Page 2

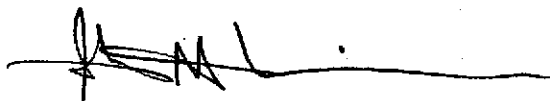

**ANTICIPATED WORK TO BE PERFORMED IN SEPTEMBER 1993:**

- o Continue monitoring groundwater treatment system performance.
- o **Submittal of air sparge, soil vapor extraction, aquifer, and biofeasibility testing report to ACHCSA.**
- o Conduct monthly meeting with ARCO regarding site activities.
- o Continue domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Sample site wells for third quarter 1993 groundwater monitoring program. Sampling to be performed by PACIFIC.
- o Sample domestic irrigation water wells for fourth quarter 1993 groundwater monitoring program. Sampling to be performed by PACIFIC.
- o Submittal of risk assessment summary letter.
- o Repair vault box for Well A-20.

Please call if you have any questions concerning this letter.

Sincerely,

**Pacific Environmental Group, Inc.**

Dear Mr. and Mrs. Corregedor:

Thank you for agreeing to discontinue operating your irrigation well until at least August 1, 1994. Attached please find a monthly reimbursement check in the amount of \$30.00 for July 1993.

On July 26, 1993, we sent you a letter request, asking you to continue not pumping your well until January 1, 1994. As of today, we have not received your reply. If we do not hear from you by August 31, 1993, we will assume that you do not agree to stop pumping your well, and we will stop reimbursing you for the water use.

Thank you for your continued cooperation and assistance. We hope we have not inconvenienced you during this project. If you have any questions regarding this project, please call me at (408) 441-7500.

17393 Via Magdalena  
San Lorenzo, California

Dear Mr. Whaley:

Thank you for agreeing to discontinue operating your irrigation well until at least August 1, 1993. Attached please find a monthly reimbursement check in the amount of \$30.00 for June 1993.

On behalf of ARCO Products Company (ARCO), Pacific Environmental Group, Inc. (PACIFIC) requests that you continue to not pump your well until January 1, 1994. This additional time will allow ARCO, PACIFIC, and the Alameda County Health Care Services Agency to complete the investigation of local groundwater conditions. If you agree to not pump your well until January 1, 1994, ARCO will continue reimbursing you at \$30 per month.

If you agree with this request, please sign below and return one copy of this letter to PACIFIC in the envelope provided. Thank you very much for your continued cooperation.

On behalf of ARCO Products Company (ARCO), Pacific Environmental Group, Inc. (PACIFIC) requests that you continue to not pump your well until January 1, 1994. This additional time will allow ARCO, PACIFIC, and the Alameda County Health Care Services Agency to complete the investigation of local groundwater conditions. If you agree to not pump your well until January 1, 1994, ARCO will continue reimbursing you at \$30 per month.

If you agree with this request, please sign below and return one copy of this letter to PACIFIC in the envelope provided. Thank you very much for your continued cooperation.

July 26, 1993

Re: Monthly Status Letter  
ARCO Service Station 0608  
17601 Hesperian Boulevard at Hacienda Avenue  
San Lorenzo, California

Dear Mr. Whelan:

This letter provides an update on activities for the site referenced above. This update reports site activities performed during the month of June 1993 and site activities anticipated for the month of July 1993.

**STATUS OF JUNE 1993 ACTIVITIES:**

- o Continued monitoring groundwater treatment system performance.
- o Preparation of risk assessment protocol (submittal to ACHCSA in July 1993).
- o Preparation of air sparge, soil vapor extraction, aquifer, and biofeasibility, testing report (submittal to ACHCSA in July 1993).
- o Preparation of remedial investigation report (submittal to ACHCSA in July 1993).
- o Continued domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Submittal of draft first quarter 1993 groundwater monitoring and remedial system performance report to ARCO for review.

- o Sampled site wells for second quarter 1993 groundwater monitoring program.
- o Sampled domestic irrigation wells for third quarter 1993 groundwater monitoring event.

**ANTICIPATED WORK TO BE PERFORMED IN JULY 1993:**

- o Continue monitoring groundwater treatment system performance.
- o Submittal of air sparge, soil vapor extraction, aquifer, and biofeasibility testing report to ACHCSA.
- o Submittal of remedial investigation report to ACHCSA.
- o Conduct monthly meeting with ARCO regarding site activities.
- o Submittal of first quarter 1993 groundwater monitoring and remedial system performance report (issued on July 6, 1993).
- o Preparation of third quarter 1993 well sampling result letters to domestic irrigation well owners.
- o Continue domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Preparation of second quarter 1993 quarterly report.

Please call if you have any questions concerning this letter.

Sincerely,

Dear Mr. Whelan:

This letter provides an update on activities for the site referenced above. This update reports site activities performed during the month of May 1993 and site activities anticipated for the month of June 1993.

**STATUS OF MAY 1993 ACTIVITIES:**

- o Continued monitoring groundwater treatment system performance.
- o Completed soil vapor extraction and air sparge testing.
- o Preparation of risk assessment protocol (submittal to ACHCSA in July 1993).
- o Preparation of air sparge, soil vapor extraction, aquifer, and biofeasibility, testing report (submittal to ACHCSA in July 1993).
- o Conducted monthly meeting with ARCO regarding site activities.
- o Contacted homeowners who have not signed approval letters for quarterly groundwater sampling program and discontinuance of well use.
- o Preparation of remedial investigation report (submittal to ACHCSA in July 1993).

- o Continued domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Preparation and submittal of letters to domestic irrigation water well owners reporting results of second quarter 1993 sampling event.
- o Preparation of first quarter 1993 groundwater monitoring and remedial system performance report.

**ANTICIPATED WORK TO BE PERFORMED IN JUNE 1993:**

- o Continue monitoring groundwater treatment system performance.
- o Preparation of air sparge, soil vapor extraction, aquifer , and biofeasibility testing report (submittal to ACHCSA in July 1993).
- o Preparation of remedial investigation report.
- o Conduct monthly meeting with ARCO regarding site activities.
- o Preparation and submittal of first quarter 1993 groundwater monitoring and remedial system performance report.
- o Preparation of third quarter 1993 well sampling result letters to domestic irrigation well owners.
- o Continue domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Initiate domestic irrigation water well disconnection program.
- o Sample site well for second quarter 1993 groundwater monitoring program.
- o Sample domestic irrigation wells for third quarter 1993 groundwater monitoring event.

Re: Monthly Status Letter  
ARCO Service Station 0608  
17601 Hesperian Boulevard at Hacienda Avenue  
San Lorenzo, California

Dear Mr. Whelan:

This letter provides an update on activities for the site referenced above. This update reports site activities performed during the month of April 1993 and site activities anticipated for the month of May 1993.

**STATUS OF APRIL 1993 ACTIVITIES:**

- o Continued monitoring groundwater treatment system performance.
- o Preparation of risk assessment program outline for ACHCSA review.
- o Completed biofeasibility analytical testing. A biofeasibility study report will be issued by July 9, 1993.
- o Completed remedial investigation field work consisting of impact delineation and biofeasibility and aquifer testing. A remedial investigation report will be issued by July 26, 1993.
- o Initiated soil vapor extraction and air sparge testing.
- o Preparation of first quarter 1993 groundwater monitoring and remedial system performance report.
- o Preparation of letters to domestic irrigation water well owners reporting results of second quarter 1993 sampling event.

- o Continued domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Initiated preparation of remedial investigation report.

**ANTICIPATED WORK TO BE PERFORMED IN MAY 1993:**

- o Continue monitoring groundwater treatment system performance.
- o Complete risk assessment program outline for ACHCSA review.
- o Preparation of remedial investigation report.
- o Complete soil vapor extraction and air sparge testing.
- o Conduct monthly meeting with ARCO regarding site activities.
- o Preparation and submittal of first quarter 1993 groundwater monitoring and remedial system performance report.
- o Submittal of second quarter 1993 letters to domestic irrigation well owners.
- o Continue domestic irrigation water well owner reimbursement program with owners who have discontinued well use.
- o Contact homeowners who have not signed approval letters for quarterly groundwater sampling program and discontinuance of well use.
- o Initiate domestic irrigation water well disconnection program.

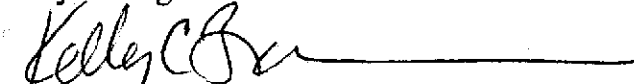

Please call if you have any questions concerning this letter.

Sincerely,

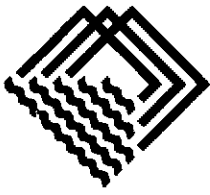

**Pacific Environmental Group, Inc.**

Dear Mr. Whelan:

This letter provides an update on activities for the site referenced above. This update reports site activities performed during the month of February 1993 and site activities anticipated for the month of March 1993.

**STATUS OF FEBRUARY 1993 ACTIVITIES:**

- o Continued monitoring groundwater treatment system performance.
- o Conducted meeting with ACHCSA, RWQCB, and ARCO regarding site activities on February 5, 1993.
- o Submittal of fourth quarter 1992 groundwater monitoring report.
- o Conducted meeting with ACHCSA regarding risk assessment parameters.

**ANTICIPATED WORK TO BE PERFORMED IN MARCH 1993:**

- o Continue monitoring groundwater treatment system performance.
- o Initiate remedial investigation field work consisting of impact delineation and biofeasibility, air sparging, soil vapor extraction, and aquifer testing. A remedial investigation report will be issued by July 26, 1993.

- o Submit follow-up letters to domestic well owners regarding well use and quarterly groundwater sampling.
- o Preparation of draft risk assessment protocol document.
- o Conduct monthly meeting with ARCO regarding site activities.
- o Sample site wells for first quarter 1993 groundwater monitoring program. Sampling to be performed by PACIFIC.

Please call if you have any questions concerning this letter.

Sincerely,

Dear Mr. Luehrs:

Thank you for agreeing to discontinue operating your irrigation well until at least August 1, 1993, and for allowing ARCO Products Company (ARCO) to collect quarterly groundwater samples from your irrigation well through 1993. Attached please find a monthly reimbursement check in the amount of \$30.00 for March 1993. Future reimbursement checks will be mailed to you during the first week of each month.

During the first week of April 1993, we will be contacting you to schedule a time to install a temporary lock on your irrigation well. This lock is for security purposes only and will be removed by ARCO once Alameda County Health Care Services Agency (ACHCSA) approves reactivation of your well.

If you have any questions regarding this letter, please call me at (408) 441-7500. Thank you very much for your cooperation.

Mr. Gary Luehrs  
17348 Via Encinas  
San Lorenzo, California 94580

Re: Well Sampling  
17348 Via Encinas  
San Lorenzo, California 94580

Dear Mr. Luehrs:

Pacific Environmental Group, Inc. (PACIFIC), on behalf of ARCO Products Company (ARCO) attempted to sample the irrigation water-supply well located at the above referenced property on November 22, 1991. PACIFIC and ARCO would like to express their gratitude for your cooperation.

The water in the well was not accessible due to the presence of the inoperable pump at the well. Since your well is within ARCO's current study area, ARCO requests permission to dismantle the pump assembly to access your well for water sampling. The pump assembly will be reassembled to pre-sampling conditions at ARCO's expense, or if you prefer, the wellhead can be left accessible and a secure lockable well cap installed to allow future access. ARCO or our representative will contact you in regards to accessing your well.

It is ARCO's and PACIFIC's understanding that past and future well usage was and will be for irrigation purposes only. If you choose not to let ARCO gain access to the well at this time and the well becomes operable in the future, at your request, ARCO will sample the well for gasoline constituents at ARCO's expense. However, because gasoline compounds have been detected in the groundwater in your vicinity the well should not be used for any purpose other than irrigation unless advised differently by the Alameda County Department of Environmental Health. Benzene is a component of gasoline and a known carcinogen. In accordance with the provisions of Proposition 65, a health risk assessment will be performed when results from your well are available if the results indicate the

May 13, 1992

Page 2

presence of gasoline. The risk assessment will include the assumption that 1 liter of groundwater is consumed on a daily basis for 35 years. Results of risk assessments performed for wells in your area indicate no significant increase in risk. Please call me at (415)-571-2434, and/or Ms. Pamela Evans of Alameda County Health Care Services (ACHCS) at (415)-271-4320 if you have any questions regarding the contents of this letter.

Sincerely,

**ARCO Products Company**

Dear Mr. Forrest Adams:

Thank you for agreeing to discontinue operating your irrigation well until at least August 1, 1993. Attached please find a monthly reimbursement check in the amount of \$60.00 for February and March 1993. Future monthly reimbursement checks will be mailed to you during the first week of each month.

During the first week of April 1993, ARCO Products Company's (ARCO's) consultant, Pacific Environmental Group, Inc. (PACIFIC), will be contacting you to schedule a time to install a temporary lock on your irrigation well. This lock is for security purposes only and will be removed by ARCO once Alameda County Health Care Services Agency (ACHCSA) approves reactivation of your well.

If you have any questions regarding this letter, please call me at (415) 571-2434. Thank you very much for your cooperation.

San Lorenzo, California 94580

Dear Mr. James J. Whaley:

Thank you for agreeing to discontinue operating your irrigation well until at least August 1, 1993. Attached please find a monthly reimbursement check in the amount of \$60.00 for February and March 1993. Future monthly reimbursement checks will be mailed to you during the first week of each month.

During the first week of April 1993, ARCO Products Company's (ARCO's) consultant, Pacific Environmental Group, Inc. (PACIFIC), will be contacting you to schedule a time to install a temporary lock on your irrigation well. This lock is for security purposes only and will be removed by ARCO once Alameda County Health Care Services Agency (ACHCSA) approves reactivation of your well.

If you have any questions regarding this letter, please call me at (415) 571-2434. Thank you very much for your cooperation.

Re: Monthly Status Letter  
ARCO Service Station 0608  
17601 Hesperian Boulevard at Hacienda Avenue  
San Lorenzo, California

Dear Mr. Whelan:

This letter provides an update on activities for the site referenced above. This update reports site activities performed during the month of January 1993 and site activities anticipated for the month of February 1993.

**STATUS OF JANUARY 1993 ACTIVITIES:**

- o Continued monitoring groundwater treatment system performance.
- o Conducted monthly meeting with ARCO regarding site activities.
- o Preparation and submittal of domestic well use letter requesting homeowners to stop operation of wells (issued January 29, 1993).
- o Preparation of fourth quarter 1992 groundwater monitoring report.
- o Preparation and submittal of off-site domestic well sampling letters (issued January 14, 1993).

**ANTICIPATED WORK TO BE PERFORMED IN FEBRUARY 1993:**

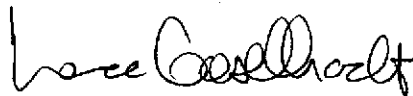

- o Continue monitoring groundwater treatment system performance.

- o Conduct meeting with Alameda County Health Care Services Agency (ACHCSA) and Regional Water Quality Control Board - San Francisco Region, on February 5, 1993.
- o Submit letters to domestic well owners regarding well use and inoperable wells.
- o Preparation and submittal of fourth quarter 1992 groundwater monitoring report.
- o Conduct monthly meeting with ARCO regarding site activities.
- o Submittal of remedial investigation work plan to ACHCSA (issued on February 5, 1993).

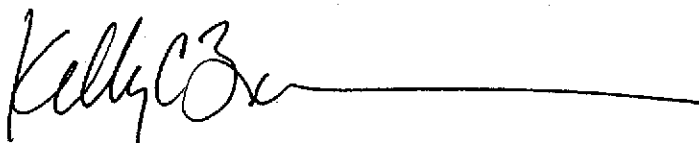

Please call if you have any questions concerning this letter.

Sincerely,

**Pacific Environmental Group, Inc.**

**Re: Domestic Irrigation Well Use**  
**17302 Via Magdalena**  
**San Lorenzo, California 94580**

Dear Mr. Johansen:

ARCO Products Company (ARCO) presented the results of laboratory analysis of groundwater collected from the domestic irrigation well located on your property in letters dated May 13, 1992 and January 14, 1993. Laboratory analysis of the groundwater sample collected from your well indicated that very minor amounts of gasoline and benzene were present. In addition, ARCO indicated that a risk assessment had been performed in accordance to the provisions of Proposition 65, and that it was currently under review by the Alameda County Health Care Services (ACHCS).

Benzene is a known carcinogen. The health risk assessment completed to date indicates that based on the assumptions that 1 liter (approximately four 8-ounce cups) of groundwater from your well would be consumed on a daily basis for 35 years, there is no significant increase in risk. Although it is our understanding that your well is used exclusively for irrigation purposes, the May 13, 1992 letter indicated that the risk assessment was being reviewed by the ACHCS and that based on their review, ACHCS may recommend that use of your well be curtailed.

The ACHCS has solicited ARCO to take the lead in requesting that use of your well be temporarily discontinued. Therefore, ARCO requests that use of your well be discontinued for approximately 6 months to at least August 1, 1993, until ACHCS has completed their review of the risk assessment, and determined whether pumping of your well has an effect on the migration of the gasoline components found in the groundwater.

To compensate you for the temporary interruption in the use of your well water, ARCO will reimburse you for the cost of East Bay Municipal Utilities District (EBMUD) water used for irrigation purposes until ACHCS had determined that your well water is safe to use for irrigation. ARCO has calculated a reimbursement of \$30.00 per month. The value of reimbursement is based on EBMUD drought condition rates and a use of well water at 15 hours per week of irrigation time. The reimbursement will be submitted on a monthly basis.

It is ARCO's understanding that during a telephone conversation with Mr. Kelly Brown of PACIFIC on January 20, 1993, you indicated that a pump valve and foot valve on your water pump had become non-operational and needed replacement. In addition, you had requested that ARCO reimburse the cost of the repairs.

ARCO will reimburse you for the cost of the materials and repairs to your pump. Please submit an itemized invoice and return it to PACIFIC in the enclosed self addressed stamped envelope. As a reminder, please discontinue the use of your well until ACHCS has completed review of the risk assessment.

By this letter, ARCO is not saying that any ARCO gasoline service or other operation is the origin of the gasoline in the groundwater. Over time, releases from other non-ARCO operations in the area have been reported. Also, ARCO's offer to compensate you for the loss of use of the well water is limited just to this loss of use and is not intended to apply to any other claim.

If the request to temporarily discontinue the use of your well is agreeable with you, please sign and date the enclosed copy of this letter, and at your earliest convenience return it to PACIFIC in the enclosed self addressed stamped envelope. Please retain the additional copy of this letter for your records.

February 4, 1993

Page 3

If you have any questions regarding the contents of this letter, please call me at (415) 571-2434 or Ms. Juliatt Shin with ACHCS at (510) 271-4320.

Re: **Inoperable Irrigation Well**  
**634 Hacienda Avenue**  
San Lorenzo, California 94580

Dear Mrs. Albright:

On behalf of ARCO Products Company (ARCO), Pacific Environmental Group, Inc. (PACIFIC) attempted to sample the groundwater from the domestic irrigation well located on your property during fall 1991 and 1992. **Your well was not sampled due to inoperable pump equipment.**

**It is ARCO's understanding that the domestic irrigation well located on your property is not being used presently, and was previously used only for irrigation purposes. If at any time in the future, you intend to reactivate the well on your property, please inform ARCO, since other domestic irrigation wells in the area are under evaluation. ARCO would like to sample the groundwater from your well before the well becomes active.**

If you have any questions regarding the contents of this letter, please call me or Ms. Juliett Shin with Alameda County Health Care Services at (510) 271-4320.

Sincerely,

ARCO Products Company

Re: Well Sampling  
642 Hacienda Avenue  
San Lorenzo, California 94580

Dear Mr. and Mrs. Corregedor:

The well located on your property was sampled in November 1991 and December 1992 by Pacific Environmental Group, Inc (PACIFIC) on behalf of ARCO Products Company (ARCO). Thank you for your cooperation with assisting PACIFIC and ARCO during the two previous well sampling events. Because of the presence of gasoline compounds detected in the groundwater in your area, ARCO would like permission to continue sampling the well located on your property on a quarterly basis through 1993. A schedule of the sampling events for 1993 will be prepared and sent to you for your information and convenience. If this is agreeable with you, please sign and date the enclosed copy of this letter, and at your earliest convenience return it to Pacific Environmental Group, Inc. in the enclosed self addressed stamped envelope. Please retain the additional copy of this letter for your records.

If you have any questions regarding this letter, please call Mr. Kelly Brown with PACIFIC at (408) 441-7500.

Dear Mr. Whelan:

This letter provides an update on activities for the site referenced above. This update reports site activities performed during the month of December 1992 and site activities anticipated for the month of January 1993.

**STATUS OF DECEMBER 1992 ACTIVITIES:**

- o Issue letter to ACHCS established meeting location, date, and agenda (December 29, 1992).
- o Continued monitoring groundwater treatment system performance.
- o Conducted monthly meeting with ARCO regarding site activities.
- o Issued work plan (draft) to ARCO for review (December 12, 1992).
- o Sample off-site domestic wells for first quarter 1993 sampling event. Sampling performed by PACIFIC. Approval was received from the ACHCs.
- o ~~Submittal of risk assessment parameter values letter to Alameda County Health Care Services (ACHCS) (issued December 8, 1992).~~

- o Sampled site wells for fourth quarter 1992 groundwater monitoring program. Sampling performed by PACIFIC.
- o Preparation of off-site domestic well sampling letters.

**ANTICIPATED WORK TO BE PERFORMED IN JANUARY 1993:**

- o Continue monitoring groundwater treatment system performance.
- o Preparation and submittal of off-site domestic well sampling letters.
- o Submit letters to domestic well owners regarding well use and inoperable wells.
- o Conduct monthly meeting with ARCO regarding site activities.

Please call if you have any questions concerning this letter.
