SUBJECT: WORKPLAN ADDENDUM
Albany Hill Mini Mart
800 San Pablo Avenue
Albany, California

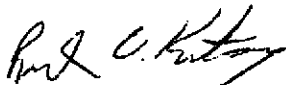

Dear Mr. Seery:

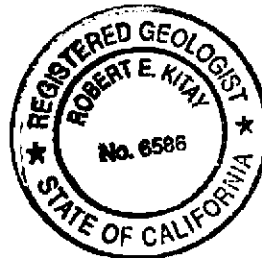

Per our telephone conversations regarding modifications to boring locations for the above referenced site, attached is a drawing showing a compromise of boring locations to be drilled at the site. A total of 15 soil borings will be drilled with the possibility of 5 additional step-out borings to be completed if necessary based on the results of closer in borings. It is our understanding that the rest of the workplan is acceptable.

Should you have any questions or if you would like to discuss this issue further, please feel free to call us at (925) 820-9391.

Respectfully submitted,

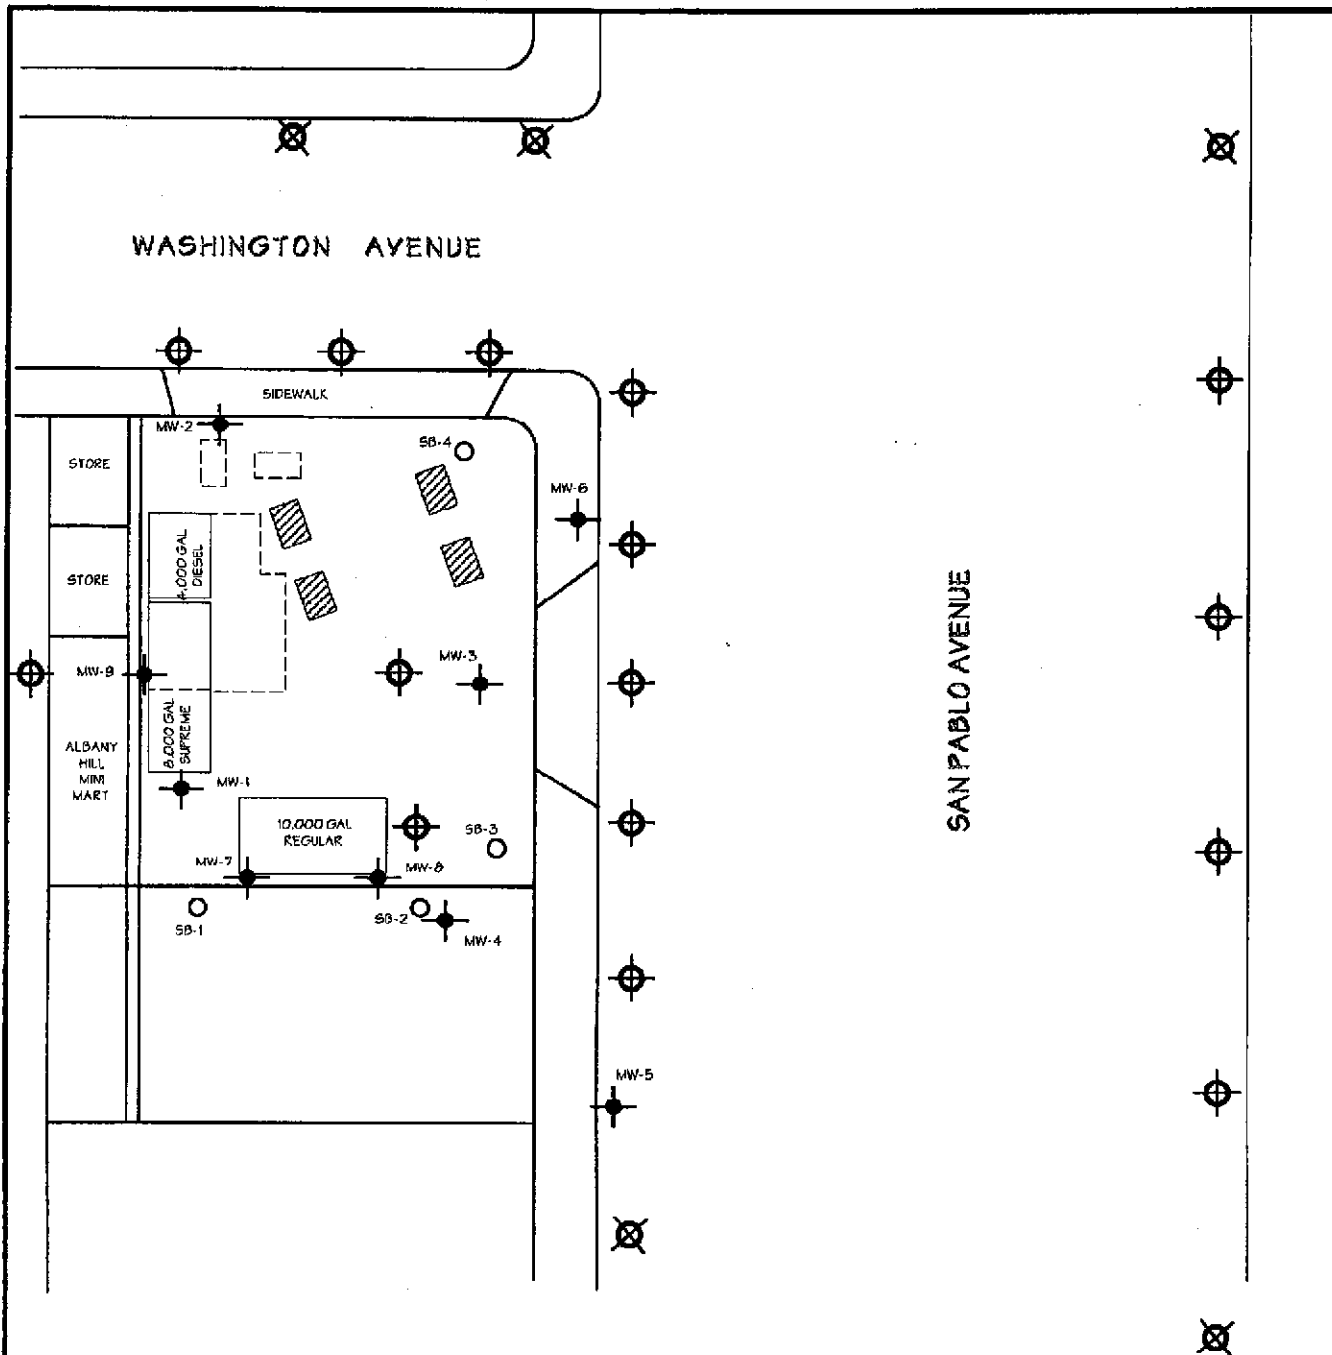

AQUA SCIENCE ENGINEERS, INC.

Robert E. Kitay, RG, REA
Senior Geologist
