Erin,

I would prefer that you submit a work plan and then plan to meet only if necessary. Alameda County has provided a directive letter with specific items that can be used as a basis for work plan preparation.

Based upon your request, the schedule for work plan preparation is extended to June 6, 2008.

Regards,
Jerry Wickham

Subject: Allright Parking 1432 Harrison St, Oakland, CA

Mr. Wickham,

It was a pleasure to meet with you yesterday and the information obtained was invaluable. I would like meet to discuss another site. Currently the Allright Parking located at 1432 Harrison St. Oakland CA, is in the work plan phase. You itemized letter dated February 22, 2008 identified public concerns as well as some direct requests.

In light of the meeting yesterday, I feel that much could be gained by meeting with you next week, to clarify some questions I have in

regards to how best to approach source identification and site characterization. If you could spare 45 minutes next week, we can come up with solutions and an overall approach.

Also Please consider this a formal request for a six week extension for the April 25, 2008 Revised Work Plan to June 6, 2008, to give us time to meet with you.

Please email me with a date and time that works best with you. Thank you for your consideration. If you have any question please feel free to call me at (510) 420-3372.
