Subject: Extension Request - Borsuk 540188, RO0000266

Dear Jerry:

Due to delays outside of our control, specifically offsite access issues and exceedingly slow processing of the encroachment permit by the City of Oakland, we request an extension for submittal of the Site Investigation Report to September 30, 2009.

Thanks to you we were able to resolve the offsite access issue associated with the proposed monitoring well, by using an existing monitoring well for characterization. The City of Oakland took months to process the encroachment permit. At this point, we are close to initiating field work.

Please contact me if you would like to discuss this issue further.

Sincerely,

Mark Jonas
