Alexis and Nate,

Based on discussions in the December 11, 2014 meeting, ACEH has extended the submittal date for the Work Plan Addendum and the IRAP to January 31, 2015, and will extend the submittal date for the subsequent Site Investigation Report and updated SCM to 90 days after the presumed quick subsequent approval by ACEH. This tentatively places that date on April 30, 2015. Should you have questions, please let me know.
