Subject: RE: Case No. RO0000274, Former Chevron 93322, 7225 Bancroft Avenue, Oakland - Site Investigation Report - Additional Extension Request

Kiersten and David,

Thank you for the reminder. I am somewhat surprised the city has been so slow; normally the delays are associated with the end of year holidays. ACDEH has heard that it can require multiple trips to the city to force the permit through. I will suggest this approach if it has not been done yet, rather than a more passive approach. I hope this is the last extension request that is needed. Please know that ACDEH is required by the State Water Board to keep all cases moving.

Per your request and the lack of an encroachment permit, the delivery date has been extended to May 15, 2017.

Good luck in obtaining the permit and conducting the field work.

Subject: FW: Case No. RO0000274, Former Chevron 93322, 7225 Bancroft Avenue, Oakland - Site Investigation Report - Additional Extension Request

Hello,

I'm emailing to follow up on our extension request of **May 15, 2017** below. To date, we have not received the encroachment permit from the City of Oakland.

Thank you,
Kiersten

Subject: FW: Case No. RO0000274, Former Chevron 93322, 7225 Bancroft Avenue, Oakland - Site Investigation Report - Additional Exention Request

Mark,

GHD Service, Inc. (GHD) on behalf of Chevron Environmental Management Company (EMC) would like to request an extension for the *Site Investigation Report and Updated SCM* requested by Alameda County Environmental Health (ACEH) letter dated July 1, 2016. The reason for the extension is we have not yet received an encroachment permit for the installation of the offsite well from the City of Oakland (City). On January 23, 2017, the City requested a bond and additional information for the permit. This was provided to the City on January 31, 2017; however we still have not received the permit. Therefore a due date of **May 15, 2017** for the *Site Investigation Report and Updated SCM* is requested. We will continue to keep you updated on the status of obtaining the permit.

Thank you,
Kiersten

Subject: Case No. RO0000274, Former Chevron 93322, 7225 Bancroft Avenue, Oakland - Site Investigation Report - Exention Request

Mark,

GHD Service, Inc. (GHD) on behalf of Chevron Environmental Management Company (EMC) would like to request an extension for the *Site Investigation Report and Updated SCM* requested by Alameda County Environmental Health (ACEH) letter dated July 1, 2016. The reason for the extension is we have not yet received an encroachment permit for the installation of the offsite wells from the City of Oakland (City). As you know, based on previous experience with the City permitting agency on other cases, obtaining an encroachment permit from the City is a lengthy process. With this and the City moratorium during the upcoming holidays, the proposed wells will not be installed until 2017. Therefore an extension of **March 15, 2017** for the *Site Investigation Report and Updated SCM* is requested. We will continue to keep you updated on the status of obtaining the permit.

Thank you,
Kiersten
