Kiersten and David,

Thanks for letting me know about this problem. I am not sure what happened, but have my suspicions.

Regardless, I have extended the submittal date to July 6, 2018 per your request. An equivalent amount of time from the discovery of the problem is appropriate. Geotracker has been updated to reflect the date.

Thanks for bearing with my inability to respond to various voice mails and emails. As always, it's been busy.

Hello Mark,

As indicated in the emails below, GHD and Chevron Environmental Management Company (CEMC) did not receive the January 23, 2018 Pilot Test Work Plan request letter. Therefore we would like to request an extension for the *Pilot Test Work Plan* requested by Alameda County Environmental Health (ACDEH) letter dated January 23, 2018. GHD respectfully requests a new due date of July 6, 2018 for the Work Plan.

Thank you,
Kiersten

Hello,

I received the January 22, 2018 NOR letter, but I did not receive a January 23, 2018 Pilot Test Work Plan request letter. I don't see the January 23 letter on ACEH ftp site; however, I found it on Geotracker. The team will likely be requesting a 60 day extension, but let me confirm.

Thank you,
Kiersten

Mark,

The attached 1/23/18 directive letter for Chevron 93322 – Fuel Leak Case No. RO0000274 and Geotracker Global ID TO600102079, 7225 Bancroft Avenue, Oakland, CA 94605 that just came to my attention today. If I look back on the 1/23/18 date and neighboring dates, I only see the other RP email (below). While the teams gone through RSRT and have chosen a technology and a remediation plan, without seeing the associated deadline for a Pilot Test Work Plan until now, we're going to have to request an extension..

Kiersten, when you come back from vacation, can you validate if you've received a letter from Mark back in January. Also, let us know what kind of extension the team will be requesting?
