Subject: RE: 2008 First Street in Livermore

Scott,

I have not reviewed this report which came in two weeks ago. I have a backlog of several cases with closure requests that I will need to review and process prior to getting to the 2008 First Street case.

Regards,
Jerry Wickham

I was writing to find out if you had a chance to review the report submitted a few weeks ago for this site. Our client is itching to know whether his site can go to closure or not. Please let me know & if you have any questions about the results, contact me & I'll try to answer them.
