Hello Donna Drogos,

**Site Information**

OAKLAND, CA 94607

**Region:** 2 - SAN FRANCISCO BAY

I am a Claims Reviewer with the UST Cleanup Fund (Fund). I am conducting a "Compliance Review" and attempting to get Regulatory Signoff in order that this School District may obtain funding with the Fund. According to GeoTracker, your agency is the Lead for this site, and Dilan Roe is the caseworker.

Would you please review and complete the attached 1-page for confirming whether this site is in corrective action compliance with your Agency directives, or pass it on to the appropriate staff for completion, and have it returned to me as soon as possible? If you are not the appropriate person for me to contact, please let me know.

The Fund has a special funding account created solely for school districts that expires in June 2012 and it is very important that I complete this as soon as possible in order for this School District to take advantage of this special funding. Therefore, I would greatly appreciate any assistance you may provide to help expedite this "Compliance Review". It is not necessary to go into any great detail when answering the questions on the form, unless you feel it is necessary.

Thank you kindly,  
-Barbara Rempel
