Subject: Rescission of Authorization to Discharge Treated Groundwater under the Requirements of Order No. R2-2006-0075, NPDES Permit No. CAG912002 (Fuels General Permit)

Facility: Groundwater Treatment System located at 7101 Edgewater Drive, Oakland, Alameda County, CA 94612

Dear Mr. Nair:

We reviewed your rescission request dated November 8, 2010, and supplemental dated November 19, 2010, for the subject facility. In your request, you informed us the method of groundwater cleanup changed with no need to discharge treated groundwater, and that Alameda County Environmental Health Services concurred with your recommendation to shut down and remove the groundwater treatment system from the site. Additionally, there has been no discharge to surface water since December 23, 2009. I hereby rescind the authorization letter issued to you on March 12, 2007.

If you have any questions, please contact Lou Gonzales at (510) 622-2365 or email at lgonzales@waterboards.ca.gov.

Sincerely,

Bruce H. Wolfe
