Conducting the two proposed activities in July prior to meeting is acceptable to us. Here are three available dates and times to meet in August.

Wednesday, August 22 10:00 am
Thursday, August 23, 10 am or 2:00 pm
Tuesday, August 28, 10 am

Regards,
Jerry Wickham
Alameda County Environmental Health

Greetings Jerry and John,

Clearwater proposes to perform the surgical dig in mid July 2012.

Clearwater will also collect VOCs soil vapor sampling samples using existing 10 soil vapor points by mid July 2012 as well.

We can also discuss the number and location of step-out borings.

Therefore we propose that we have the meeting in mid-August 2012 when those VOCs in Soil Vapor data and the excavation laboratory confirmation data are available. Then we can address case closure issues at the same time with you.

If this is acceptable, please provide a couple of days in mid August which will work.

Thank you,
Regards,

James A. Jacobs, P.G., C.H.G.
