STATION #402 QUARTERLY STATUS REPORT

| | | |
|------------------------------------|----------|---|
| Facility: #402 | Address: | 1450 Fruitvale Avenue, Oakland, California |
| Environmental Business Manager: | | Mr. Chuck Carmel |
| Consulting Company/Contact Person: | | Broadbent & Associates, Inc. (BAI)/Mr. Tom Venus, PE (530)566-1400 |
| Primary Agency/Regulatory ID No.: | | Alameda County Environmental Health (ACEH) ACEH Case #RO0000307 |

WORK PERFORMED THIS QUARTER (Fourth Quarter 2009):

1. Prepared and submitted *Third Quarter 2009 Status Report* (BAI, 10/16/2009).
2. No environmental field work was conducted at the Site during the Fourth Quarter of 2009.

WORK PROPOSED FOR NEXT QUARTER (First Quarter 2010):

1. Prepared and submitted this *Fourth Quarter 2009 Status Report* (contained herein).
2. Continue to seek involvement of co-responsible parties to implement approved field work.
3. No environmental field work is presently scheduled at the Site during the First Quarter 2010.

DISCUSSION:

In a letter dated 16 October 2008, ACEH requested the completion of a soil and ground-water investigation as previously approved in the ACEH letter dated 22 June 2006. The approved *Work Plan – Monitoring Well Installation, 1450 Fruitvale Avenue, Oakland, California* had been prepared by AEI Consultants for Fruitvale-Farnam Associates, LLC and was dated 3 March 2005. Atlantic Richfield Company has attempted to contact the other listed co-Responsible Parties in order to collectively implement the approved scope of work. However, this endeavor has resulted in limited success. According to Mr. Ken Phares in care of Jay Phares Corporation (who is apparently no longer a co-RP), Mr. Bill Puha (Fruitvale-Farnam Associates, LLC) wants no involvement with the release cleanup and is not interested in sharing cleanup costs. Atlantic Richfield Company has asked Mr. Phares whether Mr. Puha might be interested in applying to the California UST Cleanup Fund. Atlantic Richfield Company has directed Mr. Eric Holm of Delta Environmental Consultants, Inc. to send Mr. Ken Phares information on the Cleanup Fund and to assist him with pursuing coverage for Mr. Puha/Fruitvale Farnam Associates LLC. Another option being explored is having Mr. or Mrs. Curtis Thomas sign a cleanup fund application as claimant. BAI has recently located Mr. Curtis Thomas in Stockton California. Mr. Thomas is under the care of his daughter Ms. Shirley (Thomas) Edwards. Atlantic Richfield Company has directed Mr. Eric Holm of Delta Environmental Consultants, Inc. to send Ms. Edwards information on the Cleanup Fund and to assist her with pursuing coverage for Mr. Thomas. Further updates of co-Responsible Party status will be provided to ACEH when new developments or information becomes available, but at least on a quarterly basis.
