RE: Tank Closure for Salle's Body Shop, 1049-9th Ave

Dear Ms. Logan:

As per our letter of February 10, 1994 we notified BAAQMD and proceeded with the aeration of the stock pile. the soil was turned every three weeks and on 8-23-94 samples were taken and submitted to Superior Precision Analytical, Inc. for analysis.

Attached please find copies of the report. As you can see the three composite samples are N/D.

The soil will be used in other projects C&C Management has underway or will be off hauled.

This will complete the closure of this site. I would appreciate you sending copies of closure to myself and Mr. Cochran.

I would like to thank you for your patience and help with this project.

Sincerely,

Raymond E. Walker
