Proposal for 461 McGraw Avenue
Livermore, CA

December 4, 2006

Attn: Scott Fooks
Cc: John Rigter- LPFD, Jerry Wickem-ACEH
205 E. Anapamu St.
Santa Barbara, CA 93101

Golden State Metals contracted with Denbeste Services to facilitate the following work plan for 461 McGraw Avenue in Livermore, California.

Work Plan

- Mobilize a backhoe and operator to excavate recent visual stainage until clear.
- Screen with PID during excavation.
- Containerize all soils removed in roll-off bins and ship to approved treatment facility.
- Samples to be taken at base of excavation using Methods 8015M (TPHD) and Method 9070 (oil & grease).
- One roll-off container to be supplied for trash/debris as agreed at no charge to customer.
- Upon completion of work, a final report mapping excavated and sampled areas with all measurements to be provided and stamped by Jason VanZwol Eng. Final report to include reports of each area excavated and/or sampled, estimates of amounts removed, description of such, any other observations, and number of samples taken.
- Disposal documents and/or manifests for all soils, debris or any materials removed.
- Expected commencement date of Thursday, December 7, 2006 and work completion estimated at one day up to 8 hours.
