Subject: Fuel Leak Case No. RO0000320

Re: Fuel Leak Case No. RO0000320;
Former Paco Pumps, Inc. 9201 San Leandro Street, Oakland, CA:

Dear Mr. Detterman:

As a follow up to our November 2009 workplan and March 2010 notification of intent to proceed, we installed extraction wells and conducted a total of 10 days of dual phase extraction. We also collected semi-annual groundwater samples. The Source Group is currently assembling the data and preparing a report of findings, and we wanted to notify you of this pending report.

That report, including the semi-annual groundwater monitoring data, will be submitted by to your agency in the near future.

Please let me know if you have any questions
