4/12, 836a, ed phillips, trying to reach Amir, talked to him recently, last few days he has not returned my calls. 510-581-04/14, 902a, ed phillips, engineer on Oliver Plant site
4/14, 904a, ed phillips, 581-3831

Ed Phillips, engineer
Associated w/property owner, manages consultant, does not perform work
\$400,00k work,

USTCF denied claim for 2 main reasons:

not under oversight of agency, ltr frm us verify fact work done under our jurisdiction
Contamin was not from fuel USTs, extends beyond what was necessary to do work, overexcavated

He said the USTCF denied for other reasons but would not state them, said there are only 2 issues we need to respond to.

Told him Amir will work on site, review recent work performed & speak to USTCF, to determine what response ltr can be generated.
