Dear Jerry:

Here is the workplan for the Sausage Factory. We are ready to commence work upon your approval.

I understand that I need to also upload the workplan into the ACEH FTP website. Unfortunately, my associate who is familiar with the FTP site is out of the office. If you could kindly send the instructions for uploading reports into your website, it would be helpful and will get taken care of ASAP.

We apologize for the delay in this submittal. Please contact me with any questions or comments. I will be sending subsequent emails with the remainder of the workplan files.

Thank you very much.....Tim
