Subject: 461 8th Street, Oakland - relinquish site for your use

Anye,

The excavation activities at the above-referenced site are complete. The area has been re-surfaced and is being striped tomorrow. The new wells have been surveyed, developed, and sampled, and all soil removed from the parking lot. The remaining items, including fence rental, will be removed on Thursday, 6/26. Thus, effective Friday, 6/27, Shell relinquishes the site back to AF Evans and Central Parking for normal use/operation.

Additional field activities are being scheduled, and we will continue to coordinate with you as promptly as we can. Please let us know if a 30-day notification for future activities is still required.

Regards,

Ana Friel, PG
