Denis and Tom,

Based on your request, the schedule for submittal of a pilot test report for case R00343 is extended to July 17, 2009.

Regards,

Jerry Wickham

Subject: 241501-461 8th St., Oakland-Pilot Test Report Extension Request

Dear Mr. Wickham,

In your February 20, 2009 letter, Alameda County Health Care Services Agency (ACHCSA) requested that an *In-situ Chemical Oxidation Pilot Testing Report and Groundwater Monitoring Report -Second Quarter 2009* be submitted for the above referenced site. CRA would like to request an extension to the June 15, 2009 due date so that we can further evaluate groundwater conditions after two infiltration gallery ISCO injection events (December 2008 and January 2009). The first of three groundwater well ISCO injections was conducted the week of March 30 to April 4, 2009. The post groundwater monitoring sampling events took place on April 9 (one-week after injection) and May 18, 2009 (one-month after injection). We expect to receive groundwater data from the recent May 18 sampling event on June 2. In order to thoroughly review and evaluate this new data, we respectfully request extending the *In-situ Chemical Oxidation Pilot Testing Report* submittal date to July 17, 2009.

Best regards,

Tom Sparrowe, PG
