Ms. Jakub:

At this time I would like to request an extension for the submittal of the work plan you requested in your letter dated July 2, 2008 for the above referenced site. The current due date for this work plan is October 1, 2008. Currently I have several deliverables due in the months of September and October, some of them requested by you. In addition, one of my staff recently quit and my other staff person is scheduled to be in the field installing monitoring wells at a site in Livermore (Mr. Wickham) for the entire month of September and part of October. For these reasons I would have to prepare these deliverables all on my own as well as my taking care of my administrative responsibilities. I would like to give this work plan the time and effort needed to prepare it properly. Therefore, I would like to respectfully request an extension until December 1, 2008.
