James,

A well survey does appear appropriate; please be sure to use ACPWA as well as DWR resources (attached) as the databases are sufficiently different.

Best,

Mark Detterman

Mark,

For RO351, we'd like to do a DWR well search but we need your approval first. Attached is the associated form. Could you please fill out, sign, and e-mail back to me at your earliest convenience?

Thanks,

James

I included the request form that needs to be completed by the regulator and returned to us.

Thanks,

Benjamin Summersett

**WELL COMPLETION REPORT RELEASE REQUEST AND CONFIDENTIALITY AGREEMENT
REGULATORY-RELATED ENVIRONMENTAL CLEANUP STUDY**

Well Completion Reports associated with wells located within two miles of an area affected or potentially affected by a known unauthorized release of a contaminant will be made available upon request to any person performing an environmental cleanup study associated with the unauthorized release, if the study is conducted pursuant to a regulatory agency order (Water Code Section 13752).

Requests must be made on the form below, signed and submitted to the appropriate DWR District Office. Please provide the township, range, and section of the property where the study is to be conducted. Attach a map or a sketch with a north arrow, and provide as much identifying information requested below as possible; additional paper may be attached if necessary.

By signing below, the requester acknowledges and agrees that, in compliance with Section 13752, the information obtained from these reports will be kept confidential and will not be disseminated, published, or made available for inspection by the public. Copies obtained must be stamped **CONFIDENTIAL** and kept in a restricted file accessible only to authorized personnel. These reports must not be used for any purpose other than for the purpose of conducting the environmental cleanup study.

Project Name: Chevron Service Station 9-3864

County: Alameda

Street Address: 5101 Telegraph Avenue

City: Oakland

Township, Range, and Section: T15, R4W, sec 24

(Include entire study area and a map that shows the area of interest.)

Radius: 2,000 foot radius
(maximum 2 miles)
