**Subject:** Fuel leak case RO352 - Lake Chabot Unocal, 18950 Lake Chabot Rd, Castro Valley

Dear Ms. Holloway,

Alameda County Environmental Health (ACEH) staff has reviewed the case file including the recently submitted document *Report on Soil, groundwater, and Soil Gas Investigation (SWI)*, dated September 12, 2014 and prepared by AECOM for the subject site. Based on its review, ACEH concurs that the analytical results from the soil gas samples collected from soil vapor boring SV-1 are invalid due to significant leakage from the surface. ACEH may have other comments regarding the SWI pending a review of the report entitled *Focused Site Conceptual Model (SCM)* also dated September 12, 2014 and prepared by AECOM for the subject site. ACEH's review of the SCM will be performed within a month of this correspondence.

Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at [keith.nowell@acgov.org](mailto:keith.nowell@acgov.org).

Respectfully,  
Keith Nowell
