

Phone Log (18950 Lake Chabot Rd.)

3/96

Spoke w/ Tom Berkins after receiving his letter dated 2/29/96. Told him I had not had a chance to review UNOCC's NAA plan for this site but would contact him w/in a week as soon as I had a chance to review it.

~~3/96~~ 4/1/96

Left msg w/ Jina Perry. Told her I had reviewed NAA plan & also met w/ RWBCB. We would approve her monitoring plan but sampling should occur in March instead of the proposed December. Also, wanted MW-7 resampled ASAP since <sup>(51ppb)</sup> PCE was detected for the 1st time.

4/1/96

Spoke w/ Tom Berkins w/ Kaprelian Eng. regarding info. stated above in Jina Perry's VM msg. Told him I would send a letter out today & copy him.

4-24-91

MEMO to file:

I spoke w/ Mardo Kaprelian today. He said Kaprelian will be taking over on all future work, including sampling. He also plans to install an additional MW and boring near the former w.o. UST pit. He said a field date has already been set for May 1, 1991. He will FAX a copy of the proposal to me, as none has yet arrived (even though he already supplied one to Ron Beck).

I also left a message on Ron Beck's phone recorder regarding the need for the submittal of a deposit for oversight of the continued site remediation. This issue has been discussed ad nauseum in the past. A request for \$933 was made in correspondence dated Dec. 20, 1990. No remittance has been made to date.

SSS

Ron Beck called back. I FAXed him a copy of the Dec 20, 1990 letter. He said he thought he paid everything. He doesn't like our system for deposit/refund. Unocal needs invoices. He said he's going to write a letter to EBH re: this issue.
