Dear Mr. Ralston,

Station demolition activities are underway at the subject fuel leak site. Please provide Alameda County Environmental Health (ACEH) a well destruction letter documenting the destruction of the onsite monitoring wells. The letter should include the well destruction date, method used for the well destruction, well destruction permitting, and disposal documentation of any destruction-derived waste.

Please upload the technical report to the ACEH ftp site (Attention: Keith Nowell), and to the State Water Resources Control Board's Geotracker website, in accordance with the following specified file naming convention and schedule:

- **August 29, 2014– Well Destruction Report** (file name: RO0000356_WELL_DCM_R_yyyy-mm-dd).

Thank you for your cooperation. ACEH looks forward to working with you and your consultants to advance the case toward closure. Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at keith.nowell@acgov.org.

Regards,
Keith Nowell
