Keith:

In the letter that you sent out for the above referenced location on March 5, 2015, you requested that a Soil and Groundwater Investigation Report be submitted to your office by June 26, 2015. As I indicated during our meeting yesterday, and as I am sure you are aware, this is our busy time of the year with field work, including site investigation work and groundwater sampling. Due to this my staff is currently out in the field and unable to complete the Soil and Groundwater Investigation Report as you requested. Therefore, I would like to respectfully request that this report be submitted to your office on or before July 24, 2015. I appreciate your consideration on this matter. Don't hesitate to contact me if you have any questions.

Regards,

**Dennis S. Dettloff, P.G. | Senior Project Manager | Antea Group**
