

4/14/99

- ① called S. Hosten (BP) explaining discrepancy in cover letter and sampling frequencies
- ② encouraged a proposal to reduce sampling frequencies
- ③ requested proposition to knock down high HC conc.

6/7/99

- call to Blaine Teske re:
sampling/monitoring schedule -
apparently reduced by BP's
approval/request from ACEH
- requested schedule from
Blaine
- discussed "inaccessible" wells
