Our reporting requirements as well as the Geotracker reporting requirements are attached to and written in all directive letters. We like to keep a copy of our files on the website so anyone can review the complete files on there instead of having to come to the office. This is similar to Santa Clara County.

Thank you Barbara.
I was not aware that ACEH was posting to Geotracker. For San Mateo County we are required to ensure posting to geotracker and once posted that is when SM staff will review the documents.

Just want to keep it all straight.

Jeriann

Jeriann,
Please notify dehloptoxic@acgov.org and cc me. That way, if the report is not correctly uploaded, the person who receives the e-mail knows you tried to post it and will send a notice on what to correct. And I'm sure I don't need to remind you that everything that gets posted to our ftp site gets uploaded to Geotracker now.

By the way, I did see an e-mail from Hana Zeidenberg for the same site which had the correct notification.

Regards,
Barb Jakub

Good morning Barbara,

Thank you for the reminder.

When we upload to the ACEH site do you receive an alert message or should we be sending an email to you indicating that we have completed as upload?

Jeriann

Thank you for uploading the report. In future, you do not need to send a hard copy and we request that you do not attach the electronic copy as it slows our e-mail server.

Regards,
Barb Jakub
