Subject: RE: 2250 Telegraph Avenue - CAP Addendum

Your request for an extension is approved. I will try to review the CAP before the end of the fiscal year so you can get your request for funds in for next year. I'll check on the status of the GeoTracker uploads at that time so we can finalize all of this at one time. As you know, non compliance with Geotracker regulations can result in issuance of a Notice of Violation and subsequent nonpayment by the Cleanup Fund.

Regards,
Barbara Jakub

Subject: 2250 Telegraph Avenue - CAP Addendum

Hi Barbara,
As we discussed our team needs a few more days to complete the requested CAP Addendum.
We will submit the Addendum by May 11.

Our desire is to have an approved CAP in June to satisfy FY 12/13 UST Funding requirements.

We understand that it is a goal of AI Co to be diligent in making sure that Geotracker and AI Co FTP sites have all required documentation.

Thank you for the reminder that items submitted to Geotracker and the Co ftp are double processed. That is they are initially electronically or "auto" accepted, and then later they are manually reviewed and accepted. It is therefore reasonable to have documents accepted and then to have the items re-evaluated for acceptance of the content at two different times. I will followup with the RP on this process with a goal of submitting missing or revised documents on an ongoing basis.

Thank you for your assistance.

Jeriann
