Dear Mr. Miller:

This letter constitutes a 90-day Progress Report for February through April 1991 on the site assessment Hart Crowser is conducting at the above-referenced site. On January 31, 1991, we presented you with a progress report for the previous quarter, November 1990 through January 1991.

There was no activity onsite during the last quarter, and we are currently discussing plans for the next quarter.

If there are any questions or comments, please do not hesitate to call.

Sincerely,

HART CROWSER, INC.

Ken Pill
Senior Staff Hydrogeologist

Dear Mr. Miller:

This letter constitutes a 90-Day Progress Report for November 1990 through January 1991 on the site assessment Hart Crowser is conducting at the above-referenced site. On November 2, 1990, we presented you with a progress report for the previous quarter August through October 1990.

Work completed this last quarter included the completion of a report of findings for our supplemental site assessment. Copies of this report were forwarded to the appropriate agencies on December 11, 1990.

Our planned activities for the next quarter are currently being discussed, and there have been no definitive plans made at this time.

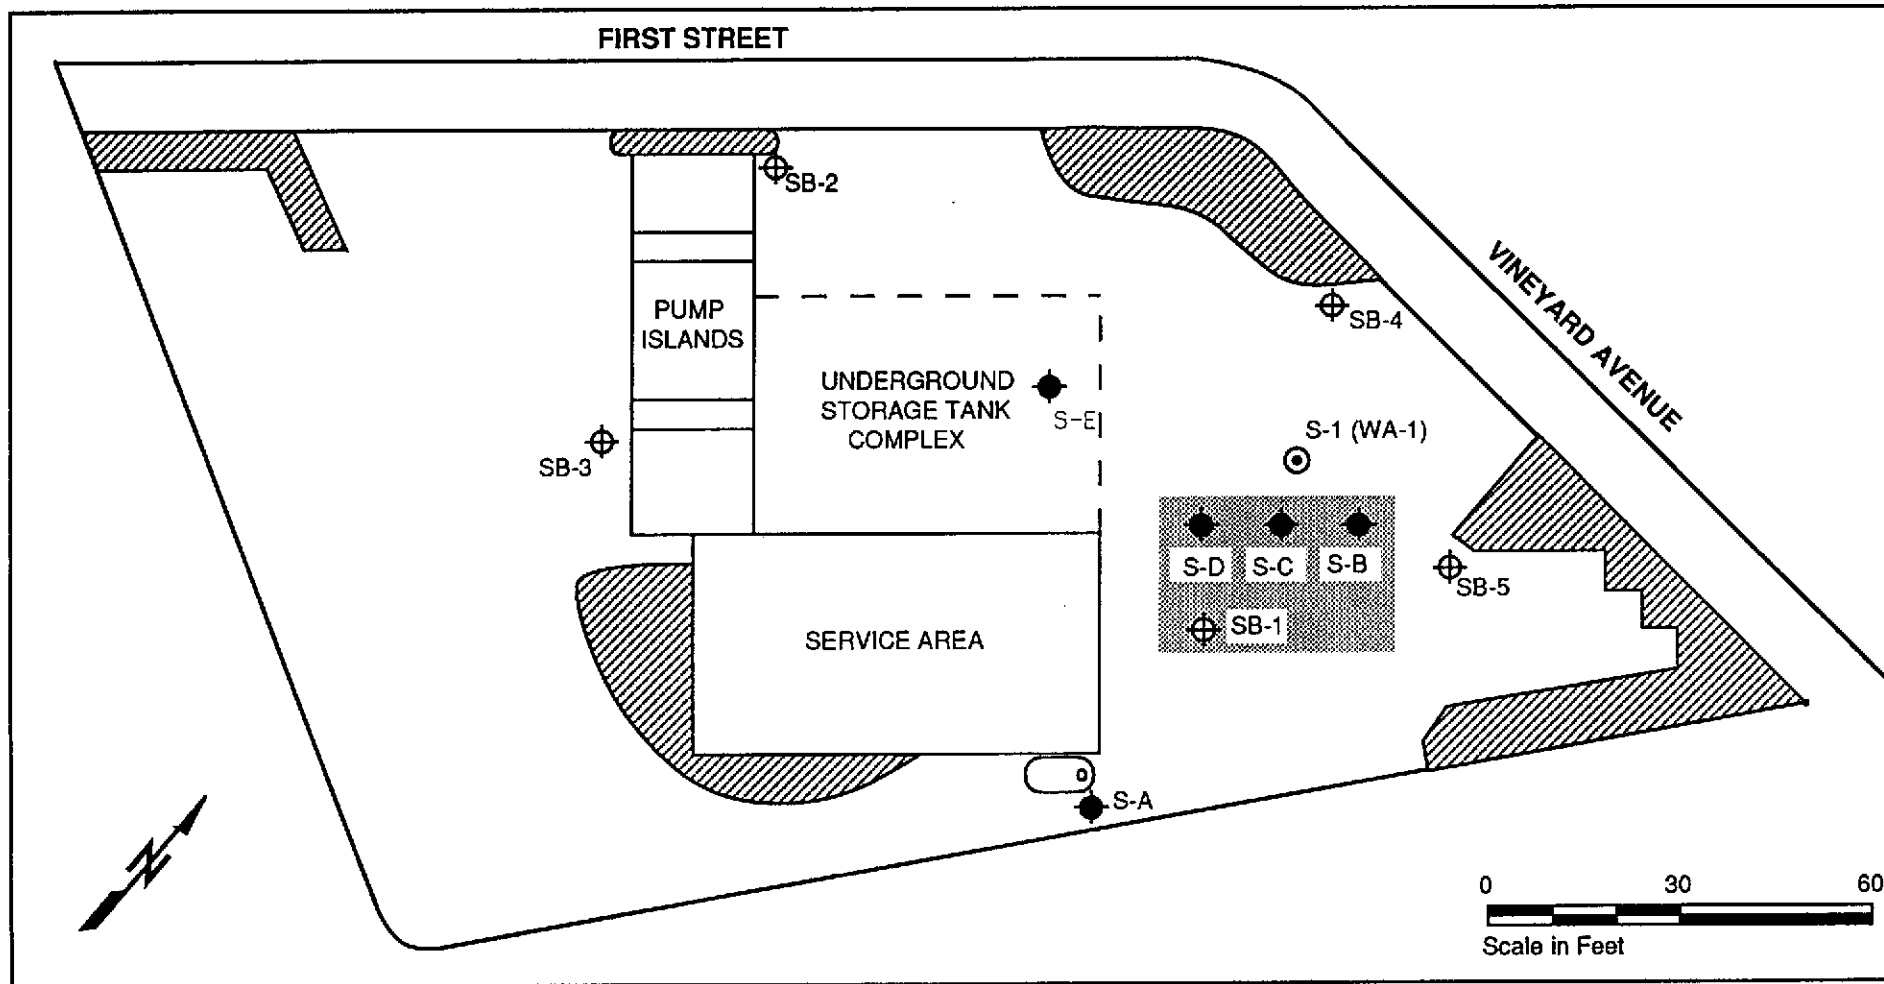

If there are any questions or comments, please do not hesitate to call.

Sincerely,
HART CROWSER, INC.

Eric Schniewind
Senior Staff Hydrogeologist
