Jerry

Just following up. Have you received from ConocoPhillips a soil remediation plan for the ground water contamination on the County property adjacent to 4191 First Street in Pleasanton. I think it is your case number RO0000361. County Counsel has asked me for an update on this matter and I have nothing from the deliver of the soil and groundwater reports that were sent to you on May 16, 2008 and your letter back to William Borgh and Henry Armour on July 30, 2008. Could you please give me an update if there has been any progress in this matter. Thank you
