**Subject:** 4191 First Street, Pleasanton, CA

Hello,

I want to introduce myself to all of you. I am the Project Manager that will be working on remediation of the subject site. As you may be aware, effective June 17, 2011, ConocoPhillips Company transferred the management of the environmental remediation activities at 4191 First Street in Pleasanton to Union Oil Company of California ("Union Oil"). From the Effective Date forward, Union Oil (or its designees or representatives, including Chevron Environmental Management Company) will manage the day-to-day corrective action/remediation obligations related to the referenced case. I will serve as your contact for matters concerning this site. ARCADIS is working with me as lead environmental consultant.

We are moving forward with implementation of the remedial strategy and will keep you informed as things progress. Meanwhile, if you have any questions, please do not hesitate to contact me.

I look forward to working with you.

Thanks,  
Roya
