Subject: Site 7376 - 4191 First Street, Pleasanton

Dear Mr Wickham,

To confirm with you, as per our phone conversation, we will provide a Professional Geologist in lieu of a Senior Hydrogeologist to make screen interval determinations for the subject site. The provided PG will have extensive knowledge of the site, and an appropriate level of experience to make judgment calls on the placement of the required screen intervals.

Thank you,

Nadine Periat
