Jerry,  
The fourth quarter groundwater monitoring report for the Unocal station 7376 at 4191 First Street, Pleasanton is due on January 18, 2011. Due to the holidays, TRC, the sampling contractor for ConocoPhillips, did not collect samples until December 28, 2010. I am requesting an extension for submitting the groundwater monitoring report until January 31, 2011. Thank you.
