Subject: Re: 3790 Hopyard Rd., Pleasanton - resume groundwater monitoring ~COR-200497~

Peter,

I concur with the proposed gauging, sampling, and analyses for quarterly groundwater monitoring at the above referenced site.

Jerry,

Per our telephone conversation this morning and ACEH's April 21, 2014 letter, on behalf of Shell, CRA will resume groundwater monitoring at the subject site quarterly from second through fourth quarters 2014.

We will gauge all site wells and sample wells S-5, S-5B, S-5C, S-6, S-7, S-9, S-9B, S-9C, S-11, and S-12. The groundwater samples will be analyzed for TPHg, BTEX, MTBE, and TBA.
