~COR-240612~

Jerry,

Please let me know if it is acceptable to suspend groundwater monitoring during closure review at the subject site.

Subject: RO367 1784 150th Avenue, Oakland retraction

Denis,

As a follow-up to our call on Monday, I have gotten some feedback on case RO367. Retraction of the planned soil vapor work and a request for closure will be considered. A letter to us retracting the work is sufficient.
