Got it, thanks. We're doing the survey this Wed or Thurs.

James,

My oops; I had recalled that CRA would do one more round, but forgot about the recommendation to eliminate the four wells. I would be in agreement that wells MW-9 to MW-12 could be eliminated from the semi-annual monitoring event.

Subject: RO368 GWM question

Hey Mark,

In the 10/11/11 annual GWM report for site RO368, we had recommended no further sampling of MW-9 thru MW-12 based on the recent data. However, your 12/23/11 letter didn't mention anything about that. We have the next event coming up early next month, so wanted to check in regarding your thoughts on that. Thanks.

Sincerely,
