Dear Mr. Wickham:

This request for extension is in response to your letter dated August 31, 2007, approving our Soil Vapor Investigation Work Plan and requesting the report by January 8, 2008. This property was sold and we have experienced difficulty gaining access from the new owner. We are working with the new property owner and expect to be granted access soon.

Within three weeks of gaining access to the property Delta will schedule field activities to complete the soil vapor investigation detailed in our work plans of June 15, 2007 and August 27, 2007. The soil vapor investigation report will be submitted 45 days after field activities are complete.

I will keep in contact with you regarding our gaining access to this property.

If you have any questions regarding this request please call Richard Garlow at (408) 826-1880.

Sincerely,  
**Delta Consultants**
