Hi Mark. When we last spoke about this site on 2/5/13, you indicated you thought you would be through all your site reviews by late in February, and that you thought that you would have the chance to review Stratus' *Corrective Action Plan* (submitted 9/30/2012) by the end of February. The RP, Mr. Jaber, is anxious to implement the SVE work proposed in this report. Could you please give me an update when you think you'll be done reviewing the report?
