**Subject:** RE: Report Extension Request - 5930 College Avenue, Oakland (ACDEH Fuel Leak Case No. RO0000377)

Brent,  
It's good to see progress at the site. I've extended the submittal date until September 7<sup>th</sup> per your request. Please note that I will not be able to extend them further.

**Subject:** Report Extension Request - 5930 College Avenue, Oakland (ACDEH Fuel Leak Case No. RO0000377)

Hi Mark,

As mentioned in our recent notification email to the ACDEH dated 7/17/18, Wheeler Group Environmental conducted the semi-annual groundwater monitoring and sampling event (3Q2018) at the subject property on 7/19/18. Upon receipt of the lab data (due today), we will be preparing the associated semi-annual groundwater monitoring report for the site. Within the next 2 to 3 weeks, we are tentatively scheduled to perform the soil gas and sub-slab vapor monitoring and sampling associated with the continued Data Gap Investigation work at the site, and complete the associated Data Gap Investigation Report.

Per your 5/21/18 NTC Letter, both reports are due on or before 7/27/18. In order to accommodate the additional soil gas testing and reporting requirements, we request an additional 6-week extension to complete the investigation work for the site.

Thank you,

Brent A. Wheeler
