Peter –

Can you please make sure that you have all your geotracker electronic submittals (i.e. lab data – edfs, depth to water data in the form of a GEO_WELL file, locational data in the form of a GEO_XY file, elevation data for groundwater monitoring wells in the form of GEO_Z file, site map in the form of a GEO_MAP, etc.) associated with all your monitoring/O&M reports and investigation reports etc. are up to date.

Please refer to this link to make sure that you are in compliance with Geotracker Reporting Requirements:

http://waterboards.ca.gov/ust/electronic_submittal/report_rqmts.shtml

Please let me know if you have further questions, thanks,
