Ms. Fong,

Based on your request, we will extend the shedule for submittal of the Work Plan to February 23, 2012.

Regards,
Jerry Wickham
Alameda County Environmental Health

Dear Mr. Wickham,

Today (Jan. 23, 2012) I signed a contract with Kris Larson, PG, of Ninyo & Moore , as the consultant to prepare and submit the well inspection and groundwater sampling work plan.

The search and review of proposal bids took more weeks and were more confounding than I expected. On Jan. 19th, I received a Letter of commitment from the manager of UST Cleanup Fund transferring claimant to the Lily Angela Chun 1991 LivingTrust.

Unfortunately, I was not able to give Mr. Larson sufficient lead time to complete the work in order to meet the Jan. 31, 2012 due date. The good news is that Mr. Larson informed me that he will start the work this week.

If there is an issue with submitting the work plan after Jan. 31st, please let me know. I will ask Mr. Larson to contact you, if necessary.

I appreciate your response to this email.

Thank you for your time.

Sincerely,
Carolyn C. Fong, Trustee
