Donna,

I'm sorry for the problems you have pointed out with my request for response from Alameda to the Petition from Bill Chun's Service at 2301 Santa Clara Avenue. I have attached the petition in .pdf format for your convenience and you can consider the receipt date of the letter as of today. That would be requesting the response to be to the State Water Board by 23 September 2009.

Normally we request the petition response of an agency from the top management ie RBs the Executive Officer and LOPs the Agency Director. We do that to make sure that top management understands that their constituency is of a differing mind than their staff. It is part of our transparency issues. If David Kears, Director of the Health Care Agency for the entire County of Alameda, does not want to receive or respond to these petition requests, please have him send me a note to whom he would like to receive/respond on his behalf.

George,

On 08/26/09 ACEH received a letter from you regarding a petition for case closure for RO382, Bill Chun Service Station. The letter requires ACEH to submit documents with 10 or 12 days "of the date of this letter," however your letter is undated. Please clarify the date of this letter so that response timeframes can be determined.

Additionally, your letter requests that we prepare a response to the petition you received however, a copy of the petition was not included with the letter. Also, the letter indicates an unidentified "Enclosure" is included with the letter, however no enclosure was included with the original letter sent to the Health Care Agency Director (ACEH's cc: copy was w/o enclosure). Please provide us with a copy of the petition and the enclosure that was included with the letter.

Lastly, your letter is addressed to the Director of the Health Care Agency for the entire County of Alameda (hospitals, MediCal, welfare, etc.) rather than the Director of Environmental Health (ACEH, the department with the LOP contract) and sent to an address different from Environmental Health. Can you adjust your department contact for petitions to Ariu Levi, Director Environmental Health at ACEH? This will ensure that correspondence & attachments requiring response from ACEH is received by us directly and without delays in mail forwarding.

Thanks, Donna
