I spoke today w/ Tom Saaliger (Atton) to inquire about the status of the revisions to the pending work plan. He said they had to rewrite the contract/encroachment request, which has caused a delay. I should expect the revisions very shortly.

MEMO to file:

7-14-93

I left a message for Garnett Smith (Mobil) today (818-953-2587) regarding ACDEH's request for information pertaining to UST closures, etc. I reminded him that many months had passed in our request, and since a consultant completed the "file search" in our office. I noted that a NOU was pending.
