Paul,  
Based on the reasons, I've extended the deliverable date to Friday Nov. 2, 2018. You can use this email as documentation of the extension, should it be needed. I've already updated Geotracker to show the site is in compliance with ACDEH requests.

**Subject:** RO 387 - Mel Senna Brake - 2301 E 12th St, Oakland - Request for report submittal extension

Hi Mark,

As we discussed on the telephone, the report requires internal review with the client prior to release, and the duration of the internal review is unknown.

I anticipate that the report will be released by the end of October, 2018.

I request an extension to Friday November 2, 2018 and will submit the report earlier if I am able to receive comments prior to that date.

Please let me know if you need any additional information.

Thank you!

Paul
