Oakland, CA 94624

**Subject: Site Status Update for ARCO Station 6113, 785 East Stanley Blvd.,  
Livermore, California.**

**Dear Ms. Hugo:**

This letter provides an update on investigation and remedial activities conducted for the above-referenced site. This update covers site activities performed during August 1991 through October 1991, and site activities anticipated for the month of November 1991.

**Status of Previous Months Activities:**

- August 13, 1991:** Performed third-quarter groundwater monitoring and sampling of monitoring wells MW-1, MW-2, MW-3 and MW-4. No groundwater samples were collected since all wells were dry.
- October 9, 1991:** Submitted to ARCO a draft Work Plan for Additional Subsurface Investigation and Vapor Extraction Test at the site.
- October 21, 1991:** Submitted to ARCO and Alameda County Health Care Services Agency (ACHCSA) the final Work Plan for Additional Subsurface Investigation and Vapor Extraction Test at the site.
- October 22, 1991:** Conducted monthly monitoring of groundwater wells to determine depth-to-water in each well.

---

Submitted final Third Quarter Groundwater Monitoring Report  
to ARCO and regulators.

**Anticipated Work to be performed in the Next Month:**

- o Continue the groundwater monitoring and sampling program for this site.
- o Await ACHCSA approval of the work plan prior to proceeding with additional assessment and remediation work.

If you have any questions or comments regarding this letter, please call us at (408) 264-7723.

Sincerely,  
RESNA
