Oakland, California 94624

Subject: Site Status Update for ARCO Station 6113, 785 East Stanley Blvd.,  
Livermore, California.

Dear Ms. Hugo:

This letter provides an update on investigation and remedial activities conducted for the above-referenced site. This update covers site activities performed during March 1992, and site activities anticipated for the month of April 1992.

#### March 1992 Activities

- Submitted addendum to work plan to ARCO and governing regulatory agencies.
- Submitted Fourth Quarter 1991 Quarterly Groundwater Monitoring Report to ARCO and governing regulatory agencies.
- Performed quarterly groundwater sampling and monitoring.
- Attempted to contact Ms. Susan Hugo to discuss Work Plan and addendum for site numerous times throughout the month, yet was unable to reach her (phoned and left messages on March 18, 23, 26, and 30, 1992).

#### Work Anticipated for April 1992

- Submit necessary well permit applications to install proposed vapor extraction wells and monitoring wells.

Site Status Update  
ARCO Station 6113, Livermore, California

April 14, 1992  
61026.01

- Monthly groundwater monitoring will continue.
- Secure required well permits for installation of proposed vapor extraction and monitoring wells.
- Drill and install vapor extraction and monitoring wells at the site.
- Schedule a vapor extraction test on completion of well installation.

If you have any questions or comments regarding this letter, please call us at (408) 264-7723.

Sincerely,  
RESNA Industries
