Re: Corrective Action Plan (CAP) – Implementation Extension Request
Arrow Rentals, 187 North L Street, Livermore, CA

Dear Mr. Wickham:

In our correspondence of December 19, 2007, Geological Technics Inc. (GTI) requested an extension of the Corrective Action Plan (CAP) Remediation System Start-Up Report submittal date to March 1, 2008.

On February 25, 2008, GTI received a copy of correspondence from Hari Patel, Water Resources Control Engineer, Technical Review Unit of Underground Storage Tank Cleanup Fund, indicating that the CAP had received cost pre-approval.

It is GTI's desire to proceed with the CAP as soon as possible. Additional time will be required for the remediation system installation per the CAP due to vendor and contractor scheduling issues.

On behalf of Mr. And Mrs. Sullins we are requesting an extension to September 1, 2008 for this CAP Remediation System Start-up Report submittal date.

Please let me know if you have any questions or need further information.

Thank you,

Tamorah Bryant, P.E.
Project Manager
